

Disclaimer

Zeltaa is an independent provider of remote tech support services for software, hardware, and peripherals. We are unique because we have expertise in products from a wide variety of third-party companies. Zeltaa has no affiliation with any of these third-party companies unless such relationship is expressly specified. For permitted use and specific warranties associated with the software, hardware, and peripherals, please contact the relevant third party. Zeltaa is not responsible for third party Content provided on or through the Site and you bears all risks associated with the use of such third party Content, products and services. Zeltaa's support staff are Zeltaa Certified Technicians but do not necessarily hold any certifications from any third party unless expressly specified.

The Zeltaa Portal, and all content provided on or through the site, are provided on an "as is" and "as available" basis, except where expressly provided otherwise. Zeltaa expressly disclaims all warranties of any kind to the fullest extent allowable by applicable law, whether express or implied, including, but not limited to, the implied warranties of merchantability and fitness for a particular purpose and non-infringement, with respect to the Zeltaa Website and all content provided on or through the Zeltaa Website.

Zeltaa makes no representations or warranties as to:

- (a)** The Zeltaa Website or its Content will meet your requirements;
- (b)** The accuracy, reliability or quality of the results that may be obtained from the use of the Zeltaa Website, its Content, or anything obtained by you on or through the Zeltaa Website or its Content will meet your expectations. Zeltaa makes no representations or warranties that the Zeltaa Website will be available on a, timely, continuous, secure or error-free basis. Any Content accessed, downloaded or otherwise obtained on or through the use of the site is used at your own discretion. Zeltaa shall have no responsibility for any damage to your computer system or loss of data that results from the download or use of Content.
